CLADEA ASSEMBLY

Best regard,

With a lot of commitment and enthusiasm, I apply to you to be part of the CLADEA Steering Committee. I am motivated by the idea of contributing to strengthening the important network that this organization has created so that, through business education, we can continue to have a positive impact on society.

I have extensive experience and have obtained satisfactory results throughout my professional career, in the four pillars that CLADEA has (academic/administrative management, knowledge exchange, research and mobility).

I want not only to contribute, but also to learn from the experiences that other institutions have had in this fascinating world of teaching in the field of business. I believe in the value of the strength of collaboration and the alliances that are built in an organization like CLADEA, for the generation of transformations that positively impact people's lives.

Cordially,
